A TASTE FOR MURDER BY BURL BARER, FRANK C. GIRARDOT JR. PDF

Frank Rodriguez, a much-loved counselor of troubled teens, lies dead on the bedroom floor. His wife and step-daughter are in shock, and so is the medical examiner when he performs the autopsy. Aside from being dead, Frank is in perfect health. Demanding to know the cause of her husband's death, Angie Rodriguez badgers the police, insisting that Frank was murdered. The cops attribute her assertions to overwhelming grief, but soon they too believe that Frank didn't die of natural causes. When the police enlist their number one suspect to help in the investigation, things spiral out of control until police are dealing with a daring plot to murder Angie's best friend, and allegations of another homicide so evil and perverse that even seasoned L.A County Detectives are shocked beyond belief.

Loved it!

By Lee Husemann

I loved this book! When I read the word "oleander" I knew I was familiar with this case from a television program I had seen. However, this book was so much better than the television program in that Barer and Girardot give all the nitty-gritty details that that made it a real page turner. Angie thought she was smarter than law enforcement and everyone else but she finds out in the end that she wasn't. I highly recommend this book if you are looking for a great read.

Money hungry wife plus antifreeze equals death to hubby

By Kindle Custome JOAK

This book tells the story of an evil woman who thinks that the world owes her...she decides to kill her husband so that she can collect 200000 knife insurance. She has throughout her life blamed others and filed lawsuits in order to live the good life at others expense. This history includes the possibility that she also killed her young daughter then sued Gerber Inc. for a defective Passifier that she tampered with.She still claims her innocence after all these years. This was a very interesting book that I think true crime readers will enjoy.

excellent read

By Richard

Though I was familiar with this story, having seen it on one of the many one-hour crime shows on Investigation Discovery, this author delivered much more than a brief glimpse of what happened. He developed the characters with personalities that were realistic and compelling, both the good and the bad. The writing style was easy to read and understand, sometimes even humorous, without a lot of boring technical mumbo jumbo. I highly recommend this book for true crime readers who like to get to know the people, not just the facts.
