Four Stars

By megan pupilis

wasn't what I was expecting but it was ok

3 of 3 people found the following review helpful.

Very Informative

By Amazon Customer

This book provided alot of helpful insight from the mind of an individual who has already achieved success in the field I want to pursue myself. This is a good book to read if you're curious to see a realistic day-in-the-life look at the entrepreneurial track of fitness training. It also gives good tips for those that wish to work in established gyms as well; however, the entrepreneurial info is what reeled me in.
