Forgot to include the clarinet part to the clarinet solo ...

Forgot to include the clarinet part to the clarinet solo book and did not mention there was no clarinet part in the description.

Very good.

By A. Leme

Excellent songbook. The first part has scores of three staves (clarinet and piano with treble and bass clefs), the second part has the same scores only for clarinet. The skill level required is begginer to intermediate. There are interesting scores such as "The flight of Bumble-Bee (Korsakov)", "Humoresque (Dvorak)" and others.

BE CAREFUL IF BUYING OR SELLING THIS ONE

By JC

This gets ZERO stars for packaging or design for a simple yet obvious reason:

The clarinet solos that are the title of the book are provided as paper inserts that come with the bound book. The bound book itself (which is the majority of what you get and probably all you'll see if you find a used

copy) is only piano accompaniment and not the clarinet solos you'd buy this for.

This makes little sense and is not at all clear from Amazon's listing or the book itself...
