An average offering.

While Stephen Adly Guirgis has become over the past few years a playwright who has established himself as one of America's most interesting and bright, *Den of Thieves* marks a shaky beginning.

The characters, all funny, quirky and contradictory in standard literate comedy terms hold up better than the story, which seems desperate and caught up in it's own funkiness.

If for another reason than an early work by Guirgis, *Den Of Thieves* offers funny dialogue and bombastic characters.

a master's first attempt at playwrighting

By Frank L. Greenagel Jr.

This was first staged in 1996, so it is, from what I can tell, Mr. Guirgis's first published play. It is quite short. Four "very low-level criminals at best and a bunch of pathetic losers at worst" get caught stealing from a club. What they didn't know was that the club was owned by the Big Tuna (a well known NYC mob boss) and his son, the Little Tuna, and nephew, Sal, are trying to figure out how to punish them. Sal wants to kill them, while the Little Tuna wants to make them a deal.

The four thieves are Maggie, Paul, Boochie and Flaco. Maggie is a compulsive overeater-thief who is trying to reform with the help of Paul. Flaco is her hot-headed petty criminal ex and Boochie is a vapid stripper. It is clear that Mr. Guirguis has more than a passing knowledge of 12-step programs here (something that becomes evident in later plays).

There are some funny lines and exchanges, but overall it is just an average play. If you are a fan of Mr. Guirguis, you will want to read it for completeness sake.
