not for the solo student.

By Amazon Customer

It's okay, I'm learning french on my own, I don't have an instructor and so far I think I'm doing fine. This book does not offer detail pronunciation of the words, and in many areas it has a head phone icon, for example by the alphabet. It makes sense to be able to hear how some things sound, or see how it is pronounced. Not a book I would recommend for the solo student.

great textbook

By Vanessa Ta

i teach french to junior high-high school students privately and this book is a great resource (with its companion workbook). it's different from other books like (bon voyage) in that it introduces verbs much later on (which is better or worse for students w/ different learning styles) and focuses on learning phrases and vocabulary. overall, i would recommend this book (+ to use it with its online resources -- review quizzes and online activities -- and workbook).

4 of 5 people found the following review helpful.

excellent reference

By David Jackson

tips and inside info is provided to the studnet to better understand how French is spoken by different countries and regions.
