Truly amazing, down to earth, and very practical.

By NWAttorney

This is an amazing compilation of God's power, both in doing great positive things and stopping terrible things. It gives real life examples of what goes on in the unseen spiritual realm, and even more importantly

real life examples on what to do when confronted by demonic power.

Christ followers are told by the Bible we can do amazing things in His name, and that there is power in the blood of Jesus. This book helps let you know what that means, and how God works with us to access His power through the name of Jesus.

This is not something you will hear from most pulpits, but it should be. I can't imagine the millions of people who would have had their lives freed up from spiritual bondage (and physical harassment) if only they would have known what to do.

I very much recommend this book to anybody wanting to know the power we have through Jesus! Truly amazing, down to earth, and very practical.

Doin' the Stuff

By L.A. Reader

This is a "marvelous" book (full of marvels), containing remarkable testimonies to the power of God over evil and to the authority vested in ordinary believers to overcome the powers of darkness. John Wimber, the founder of the Vineyard movement, used to call this "doin' the stuff"--the stuff that Jesus did. On finishing this book, I felt instructed, encouraged, and empowered to continue to fight the "good fight" against evil, remembering always that the battle is the Lord's, as is the kingdom, and the power, and the glory. Roy and Eleanor Rosedale's knowledge of the supernatural derives from more than forty years of faithful hands-on Christian service all over the globe with "all sorts and conditions" of men and women of diverse cultures and religious persuasions. Simply presented, the wisdom in this book runs deep, affirming a world-view more closely aligned to first-century, spirit-empowered, Christianity than to today's all-to-common western versions that have a form of godliness, but deny its power. Humbly written, this is an astonishing witness to the power of God in ordinary life.

Review by D.J.L.

By Jeanne Baer

This is a crisp clear cut "survival guide" for Christians in our world, which is facing an ever increasing demonic influence. With over 100 true life experiences shared with Dr. Rosedale and his wife Eleanor, presented in a manner that conveys the extreme situations of these people and the glorious victories that were achieved so successfully and quickly using Biblical principles and the Power of Jesus. The book is full of wildly exciting events in the area of highly extreme attacks on every day people in which their only solution was to turn to Our Lord Jesus, and the reader is shown straight forward, quick, Bible based solutions , that were so very successful. This book should be in everyone's home for their own security and to use to help protect friends and loved ones in times of trouble.
