Great book

By Robert Kryszczuk

I was an easy read. Abrashoff is able to lay out the principles of how to treat people in a fashion that is easy to follow. It should be basic ut in today's times some people find it hard to follow.

Great Supplement

By Claude Pence

Very good follow up to "Its Your Ship" by the same author emphasizing them importance of getting people to take an initiative.

A little brief

By Charles J Crout

A little brief. Would be better with more examples, although the examples included are good ones. I guess you get what you pay for.
