KALYUG By R. SREERAM. Negotiating with reviewing practice is no need. Checking out KALYUG By R. SREERAM is not type of something sold that you can take or otherwise. It is a thing that will change your life to life better. It is the important things that will offer you lots of points worldwide as well as this universe, in the real world as well as below after. As what will be made by this KALYUG By R. SREERAM, how can you negotiate with the important things that has many advantages for you?

As one of the window to open up the new globe, this *KALYUG By R. SREERAM* offers its amazing writing from the author. Published in one of the popular publishers, this book KALYUG By R. SREERAM becomes one of one of the most wanted books just recently. Actually, guide will certainly not matter if that KALYUG By R. SREERAM is a best seller or otherwise. Every publication will still provide best sources to get the user all finest.

Nonetheless, some individuals will certainly seek for the best vendor book to review as the initial recommendation. This is why; this KALYUG By R. SREERAM exists to fulfil your requirement. Some people like reading this book KALYUG By R. SREERAM due to this preferred book, however some love this due to preferred writer. Or, lots of additionally like reading this publication KALYUG By R. SREERAM considering that they truly need to read this publication. It can be the one that truly love reading.

KALYUG BY R. SREERAM PDF

He looked at his gun once more. The helplessness left him; in its place was a hardened resolve that he would still have the final say. A third option. The middle-finger to the middlemen who had driven him to this. A few moments later, Major General Iqbal Qureshi fired the shot that shook the nation's conscience.

The death of a decorated war veteran, one of India's foremost military officials, triggers a chain of events that threatens to spiral out of control. The democratically-elected government is overthrown and a new one is formed in its place. A fierce and pure regime that promises its people the kind of governance they have been deprived of. Just. Fair. Unyielding.

Operation Kalyug has begun.

Caught in the middle is Balamurali Selvam, a writer who is still tormented by the memories of his persecution at the hands of the erstwhile establishment. As the new government battles factions fighting for control, international intervention, personal agendas and incompatible motives, Selvam is swept along, a bewildered pawn in a high-stakes game.

Forced to question everything he has believed so far, even his innate sense of justice, Selvam struggles to choose sides. Will his instincts fail him when he needs them the most?

A thoughtful political conspiracy

By Kindle Customer

I always believed that the plot is the heart of any thriller and pace its life blood. Kalyug by R Sreeram? scores on both these fronts. As a teenager who grew up on Tom Clancy novels, the political intrigue is right up there with any popular pulp fiction of this genre. The more memorable thrillers are the ones which usually makes us question, "what if what we consider impossible or improbable actually did occur". Kalyug raises one such hypothetical scenario of a political coup in India and gives us a ringside view of how it's architects are able to bring it about and how they deal with it's after effects. It might feel a bit too idealistic and utopian, but after the AAP experiment recently, I am more inclined to believe that the scenarios mentioned is at least plausible. Also, I absolutely loved the jumping of timelines, geographies and points of view. In thriller where the time frame is so short, character development becomes a luxury. But still there are some memorable characters that stay with you in the end.

This is not to say that I didnt find faults in the book. The protagonist (for lack of a better word) Selvam, was among the most unlikable of main characters I have read in any fiction. The guy reminded me so much of Harry Potter in the Order of Phoenix. Self absorbed, pouting, arrogant. At least Harry had the excuse of being a teenager going through a hormonal phase. Selvam is a grown man to whom I felt like yelling "grow up!!!" multiple times. Maybe the author did intend to evoke that feeling in us, who knows. Also I felt the climax was a bit half baked and forced. The way the new leader meets his fate was almost comical. The

quality of the first 3/4 of the novel seemed to wane in the final 1/4. With it being replete with cliches and age old tropes found in any number of books in such genres. If the romance that is hinted had gone any further than it did, it would have absolutely ruined the book for me.

Overall these flaws are minor and can be easily overlooked. Especially when you consider that its a debut effort. Its a taut thriller that keeps you engaged and entertained. To me a good book is something that makes you think and explore new ideas or scenarios. And this one certainly does that. Even if you dont want to read the whole book, read chapter 14. It will make you think; whether you agree with it or not.

A surely recommended read!

By Privy

Gripping and un-put-down-able are the first two words that come to my mind once I finish reading this book. As is customary the moment I receive a book for review I tend to flip a few pages to get a feel of it. And it is in very rare cases that I end up reading the whole book in that very sitting. THIS was one such rare case. A book that has a death scene in the first two pages, add to it the fact that it is a suicide is surely one that needs to be read like now!

For a debutant the author has done an amazing job from the first page to the last word each and everything is purely mesmerizing. Writing a suspense thriller, one has to ensure that there are no loose ends and that is where sometimes most of the debut authors fail for this is no mean feat. And that is where the author R Sreeram scores brownie points, what pace, what detailing and what flow of the narrative gripping till the very end.

It is not only a page turner or an edge of the seat thriller it has a lot of things that are food for thought, in the sense the reality of our country has been brought to our notice so brilliantly that it makes us wince at places due to their sheer ugliness.

All in all an outstanding debut by an author you should surely be looking out for.

a gripping novel you are compellwd to read till the end

By Animesh Jain

So it starts with a theory and the theory culminates into a full-fledged plan, to achieve something that no one can imagine witnessing in the world's largest democracy. What starts like an orchestrated effort by an agency never heard of before by anyone in the world; results in so many people getting involved right from the president of USA to the intelligence agencies of Unites Kingdom. Are they scared of the situation or do they want to use the chaos to their advantage?

What happens next is a clash of egos and show of power by the secret wing of Indian intelligence, a direct warning attack on the POTUS, through his direct aid. Leaving the most powerful person on the face of earth, in a state of disdain.

A few of my favorite quotes lines from the book are:

“Gone are the days when Bush said jump and Blair asked how high.”

“This was Kalyug, but I am no Kalki. I don’t need the hassle.”

You have everything here, a storyboard that keeps you glued and an array of events, that keeps you thinking

and wanting you to read the last chapter directly, but rest assured even if you read the last chapter midway you will be intrigued more to go back and read everything that has lead to the events that happen towards the end.

At the end I would like to congratulate the author Mr. R Sreeram, for the great story telling skills shown by him in his first Novel; looking forward to more Novels coming out from him in the near future.
