Superficial coverage of new requirements

By SilverFox

Very general overview of ISO 9001. Lacked real world examples of validation of processes, measuring of processes; not clear on requirement to retain organizational knowledge or the work environment issues that are subject to audit.

0 of 1 people found the following review helpful.

Great Guidebook!

By Abodesynergypr

This is a fantastic book. Mastering ISO 9001; is the authoritative guide to Quality Management. This book provides a fundamental, yet comprehensive overview of Quality Management. The book is designed for every organization that is looking out to meet customer satisfaction and growth.

This is a very helpful manual. This book is filled with valuable information. The directives are well written and ready for the reader to apply. The material was clearly explained and brief.
