Treasure Trove

By Amazon Customer

Nothing brings about more moans and groans from senior staffing than reminders that performance reviews are due. Some reviews practically write themselves, others, not so much. This book addresses just about every situation at every level that you can think of. It definitely takes the drudgery out of writing the reviews. For your long-time employees that keep doing stellar work, it gets harder and harder to keep it fresh and new each year. Good or bad, new or long-timer, this book is a God-send.
