Most helpful customer reviews

4 of 4 people found the following review helpful.

Rate the book, not the format/condition!

By John Taylor

Don't you wish people would rate the book itself and not the format or condition in which they received it? I ordered the hardcover, and it arrived in the format promised in excellent condition. This is a terrific textbook, well organized, thorough, and readable.

3 of 4 people found the following review helpful.

Excellent and very thorough textbook.

By Michael R. Tallet

Thanks to the earlier customer reviews I purchased the hardbound copy. The content of the book is excellent and very thorough. I plan to use the book in preparation of my being certified as a Master Gardener.

1 of 1 people found the following review helpful.

very nice and detailed

By cassy

very nice and detailed. would definitely recommend, although they do not go as deeply into secondary metabolites as they should.
