Fabulous photos and funny recipes

By A Customer

Rappers' Delight is a great cookbook for novice chefs--especially kids. The rappers represented are mostly old school, but the photos are timeless. There's a great deal of humour in this book, in the photographs, the commentary, and the recipes themselves. The personality of each performer is conveyed in his or her contribution, and the author is good-natured and well-versed in rap history. This book makes a wonderful gift for anyone interested in either rap or quick and easy American cooking.

An unique cookbook with a saucy slant

By marmac@aol.com

Al Pereira's writing style and photographic genius has created a hip hop Joy of Cooking for the '90's. A must for any one who is a scholar of older rap or good food.
