GREAT GUIDE TO SPORTS AND THE LAW

By A Customer

The sports world is such a mystery and this book helps me understand it. Most books start out with a warm up of hey this is the law and blah,blah,blah...this books says hello want to become a sports agent right in the first chapter. I have to say this book does not intimidate me as a reader it is more of a guide to sports and the law. A must buy if you are even thinking about becoming a sports agent or sports paralegal.

A Textbook For All Audiences

By A Customer

I have found this text be simple yet extremely informative. Based upon what the author wrote, the audience for the textbook is the non-law student. Well, even so I believe that it would serve as a fine addition to any

sports and the law class in law school. I especially enjoyed the weight given to international issues and the Olympic Games.
