A Great Introduction

By matlh mIStaq puqloD

This is an excelent introduction to the language. It has a very good pronunciation section and contains all the phrases one would need to "get by". It also has a basic vocabulary that provides a good foundation for further study.

But remember it is only an introduction. And the grammar section should be taken with a grain of salt. It mentions two different sets of "pronouns" when one is realy a set of verbal prefixes (jI- bI- ma- Su-), also it

says that pronouns come at the end of a phrase this is not always true (eg. taHqeq gragh matlh'e' Maltz is a "taHqeq").

If you want to learn the basics this is an terrific buy. If you want to know more go buy The Klingon Dictionary. Qapla'!

it will teach..

By Neutronium Cat

This is great, if you listen to it over and over, like when going to work, you will learn the many useful phrases. I'm not going to nit-pick the pronunciation. It's fun.. I'd have given 5 stars if the content were longer, however, don't let that be a sticking point.
