What do you think of when you hear the word “disciple?”

Faces in a stained glass church window? Twelve guys in robes and sandals who tramped around Judea with Jesus?

Here’s the real question: Do you think of yourself? Are you a disciple of Jesus Christ? Do you know what it means to be one?

True discipleship means living the Christian life the way it was meant to be lived. Some people in our day might think it’s “radical.” The Bible however, calls it normal. The first-century believers who followed Jesus whole-heartedly were men and women who turned their world upside down, living that life as they had personally learned it from Jesus Himself.

You can live that way, too! It doesn’t have to be ancient history. You can be His disciple right here and now, in the twenty-first century. And here’s a book that will help and encourage you on that exciting road.

Very helpful.

By Neil Gee

I used to watch Greg on television several years ago and enjoyed his teaching. I heard about this book from a newsletter from his ministry. I thought it sounded interesting so I have it a try. It is very well written and definitely needs to be in your book pile. I was inspired to walk closer with Jesus every chapter. If you're looking for a book that tells you to follow Christ to pump up your finances look somewhere else. This book challenges you to a real walk with God. Following Jesus because He is your Savior is the basic premise of this book. This isn't a feel good gospel message it's the real message. This book will encourage you and help you get on the right track to a real Christian life not the one the Armani suits on TBN try to sell you. If you're serious about getting closer to Jesus and really following Him read this book.
