The best in the series so far

By Jo for A British Bookworm's Blog

I really don't know how Robert does it. This has been a complex story arc over six books which draws to an epic and fabulous conclusion. And I ask myself how it is that, despite having given us 16 (yep 16) books with Sienna Nealon in them, the writing isn't jaded, and the plot lines fresh. And he still manages to throw in a surprise (or 20) .

I sit here, along for the ride, and loving every single minute. This is, I think, the best yet in the series. I don't want to say more for fear of #spoilers. But. In case you didn't already know it, Sienna is a bad ass. BAD ASS I tell you.

I received a copy in exchange for an honest review.

Robert Crane does it again!!!

By Eva E. Howard

There is nothing better than opening your Kindle and finding that your next Robert Crane novel has arrived. You find yourself contemplating taking the day off, so you can answer the questions from the previous book. Vengeful is yet another success in the continuing saga of Sienna, the Girl in the Box and now Out of the Box. Robert Crane does not disappoint as he continues the suspense and excitement of the next installment in The Girl Out of the Box series. As with the earlier installments in this series, you find yourself thinking you know where he is going with the story line when suddenly he hits you out of left field and you can't help but

be impressed. You find yourself both frustrated and enthused with his expertise in storytelling. He truly does think out the box as he directs you exactly where he wants you to be. Well worth the read and leaves you eagerly anticipating and wondering what he might come up with in the next book and counting the days until it is available (February 17th). Just as with his Sanctuary series, his excellence in weaving a compelling story shines through and the reader can only sit back and enjoy the ride.

Yet Another Great Book in this Series

By Amazon Customer

What more is there to say? Book 16 in this series is as enjoyable as the other 15 in the series. If anything, better than the 5-star average for this series.
