"Note: Limited stock of the updated 3rd edition on the author's website. www.usmle-yaleg.com (the author's web) is the only supplier that offers this best-rated book for the USMLE Step 2 CK (and brief summary for Step 3). Please download and preview the Rep-Chapters (the best ID, Cardio- and Mental Disorders) on the author's web. Full-satisfaction refund is guaranteed. Please respect yourself and others as respectable MDs when posting book reviews. Book features: 1. 660 pages of systematic and refined summaries of all common and uncommon diseases most frequently tested in the USMLE Step 2 CK. They are composed mainly of important definitions, etiologies, essentials of diagnoses, differential diagnoses, treatments, and preventive measures of diseases. Almost all descriptions with bold words have the potential to be seen in examination questions. 2. 100 tables for summaries and differential diagnoses, and necessary details of high-yield "orderly steps" in the diagnosis and management of many daunting diseases. 3. More than 600 refined, fundamental, and high-yield questions (HYQs) in real-examination format chapter by chapter for application of the key clinical knowledge. 4. 155 high-yield clinical images with brief diagnostic features side by side for deeper digestion and memory of the important clinical knowledge. Best wishes from the authors!"

a must have for step 2 CK

By Maria

I used the first edition of this book for step 2 CK. It was my only and main study tool while i prepared for CK. I went through it 3 times before my test. went thru the high yield questions. I experienced a 20 point increase from my scores in step 1 and 2.

I highly recommend this. with the added high yield images,this book is a MUST HAVE!.

Thanks for this awesome piece!!

Best book for STEP 2 CK

By R. Singhi

This book is concise and to the point. It offers more details than master the board or first aid. This should be the primary source for step 2 and 3. This book has what it takes to do well on this exam!

Excellent resource book to supplement your studies for Step 2CK

By Pedro

Excellent resource book to supplement your studies for Step 2CK. Needs a bit of editing, but nothing major.

You can tell it's written by doctors, which is what you want. Best book I've purchased so far!
